

Steps to make watermark printing

1. At print interface, go to [Printer Properties]

The screenshot shows the 'RICOH MP C2004 PCL 6 Printing Preferences' dialog box. The 'Detailed Settings' tab is selected. The 'Effects' category is highlighted in the left-hand navigation pane. The 'Print Watermark' checkbox is checked, and the 'Watermarks' dropdown menu is set to 'CONFIDENTIAL'. The 'Edit...' button next to the dropdown is highlighted with a red box.

1. Go to [Detailed Settings]

2. Go to [Effects]

3. Tick [Print Watermark]

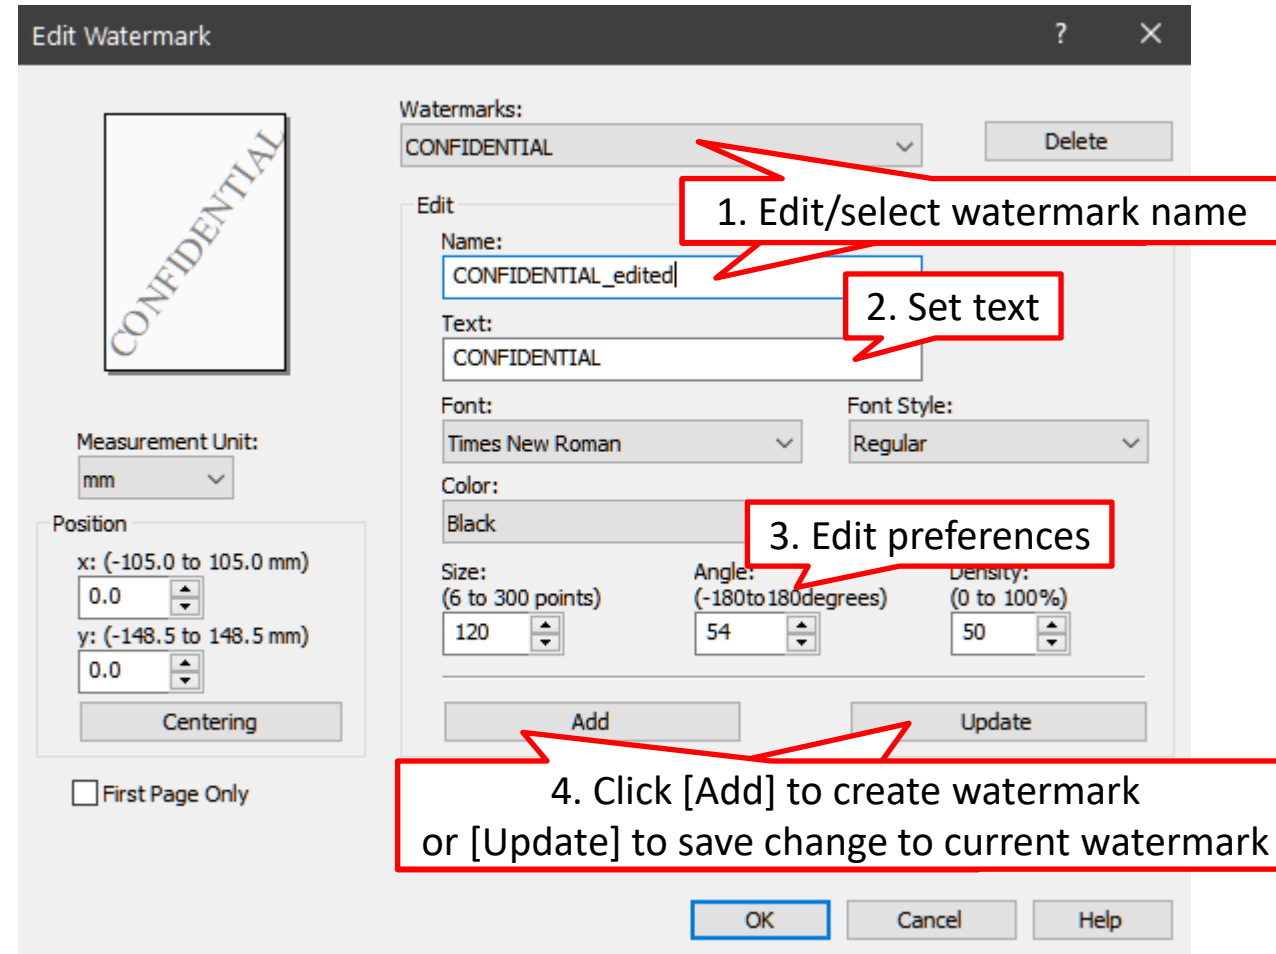

4. Select Pre-set [Watermarks] or Click [Edit] to Add/edit new watermarks

Document Size:
A4 (210 x 297 mm)
Print On:
Same as Original Size
Reduce/Enlarge:
Fit to Print Size

Settings Summary
Register Current Settings...

OK Cancel Apply Help

2. Create/edit watermark as your preferences

*System Pre-set watermarks are not editable
